

A single year

For information, contact

- Sciences Faculty : Pierre Oze (+32 63 230.975)

- Gembloux Agro Bio Tech : Roger Paul (+32 81 622.459)

Compulsory courses

STFE2002-1	<i>Final work</i> - COLLÉGIALITÉ	-	-	-	15
------------	----------------------------------	---	---	---	-----------

Notice : This project must be related to a natural hazard within the student's competence

Multidisciplinary teaching related to natural hazards

Coordinator : Marianne VON FRENCKELL

RISQ2000-1	<i>Introduction to natural hazards</i> - Pierre OZER	6	6	-	1
------------	------------------------------------------------------	---	---	---	----------

RISQ2001-1	<i>General methodology of risk analysis</i> - Sébastien BRUNET	6	6	-	1
------------	----------------------------------------------------------------	---	---	---	----------

ENVT0742-2	<i>Environmental problems</i> - Marianne VON FRENCKELL	12	24	-	4
------------	--------------------------------------------------------	----	----	---	----------

Risk Analysis Tools

Coordinator : Pierre OZER

GEOG0024-2	<i>Remote Sensing</i> - Yves CORNET, Bernard TYCHON - [24h Pr.]	12	-	[+]	3
------------	-----------------------------------------------------------------	----	---	-----	----------

GEOG2000-1	<i>Introduction to the geographic information systems</i> - Philippe LEJEUNE	12	24	-	3
------------	------------------------------------------------------------------------------	----	----	---	----------

RISQ2002-1	<i>Methodology for collecting and processing information applied to risk analysis</i>				5
------------	---------------------------------------------------------------------------------------	--	--	--	----------

- *Analyse des systèmes et modélisation* - Bernard TYCHON

		12	12	-	
--	--	----	----	---	--

	- <i>Instrumentation et capteurs en milieu naturel</i> - Bernard TYCHON	6	6	-	
--	-------------------------------------------------------------------------	---	---	---	--

	- <i>Traitement de l'information environnementale - outils statistiques et mathématiques</i> - Jacques NICOLAS	12	12	-	
--	----------------------------------------------------------------------------------------------------------------	----	----	---	--

Tools to Manage Natural Risks and Help for Decision-making

Coordinator : Pierre OZER

ENVT0752-1	<i>Major risks: analysis, prevention, management</i> - COLLÉGIALITÉ	12	12	-	2
------------	---------------------------------------------------------------------	----	----	---	----------

RISQ2011-1	<i>Education, awareness, communication</i> - Sébastien BRUNET, Marianne VON FRENCKELL	12	12	-	2
------------	---------------------------------------------------------------------------------------	----	----	---	----------

RISQ2012-1	<i>Regional Planning and Natural hazards Management</i> - N...	12	12	-	2
------------	----------------------------------------------------------------	----	----	---	----------

ENVT0749-1	<i>Decision-making aid: methods of multicriteria analysis</i> - Jean-Jacques BOREUX	12	12	-	2
------------	-------------------------------------------------------------------------------------	----	----	---	----------

ENVT2064-1	<i>Conceiving of surveys and survey questions (part)</i> - Thomas DOGOT	12	-	-	1
------------	-------------------------------------------------------------------------	----	---	---	----------

RISQ2013-1	<i>Multi-disciplinary workshops: seminars</i> - COLLÉGIALITÉ	-	12	-	1
------------	--------------------------------------------------------------	---	----	---	----------

Specialized teaching on natural hazards and their management

Coordinator : Roger PAUL, Alain DASSARGUES

RISQ2010-1	<i>Integrated practical exercises</i> - André OZER - [72h FW]	-	-	[+]	6
------------	---------------------------------------------------------------	---	---	-----	----------

Optional courses

Specialized teaching on the risks and their management

Choose 4 courses totalling 12 ECTS from the following :

RISQ2005-1	<i>Natural hazards linked to atmospheric extremes and climate variability</i> - Michel ERPICUM, Pierre OZER, Dominique PERRIN	18	18	-	3
------------	-------------------------------------------------------------------------------------------------------------------------------	----	----	---	----------

GRNA0016-1	<i>The agricultural and forestry production faced with natural hazards</i>				3
------------	----------------------------------------------------------------------------	--	--	--	----------

	- <i>Ecosystèmes tropicaux</i> - Jean-Louis DOUCET	12	-	-	
--	----------------------------------------------------	----	---	---	--

	- <i>Ecophysiologie végétale</i> - Roger PAUL	12	-	-	
--	-----------------------------------------------	----	---	---	--

	- <i>Protection des cultures</i> - Philippe LEPOIVRE - [5h SEM]	4	3	[+]	
--	-----------------------------------------------------------------	---	---	-----	--

RISQ2006-1	<i>Natural hazards linked to land degradation: soil erosion, desertification and agrometeorology</i> - Pierre OZER, Bernard TYCHON, Dimitri XANTHOULIS	18	18	-	3
------------	--------------------------------------------------------------------------------------------------------------------------------------------------------	----	----	---	----------

RISQ2007-1	<i>Hydrological hazards: floods, mudflows and groundwater overexploitation</i> - Alain DASSARGUES, François PETIT, Michel PIROTTON	18	18	-	3
------------	------------------------------------------------------------------------------------------------------------------------------------	----	----	---	----------

RISQ2008-1	<i>Geodynamic risks: seismic risks, volcanism, land movement or landslides, rockfalls, karstic risks</i> - André DEMOULIN, Hans-Balder HAVENITH, Aurelia HUBERT, Christian SCHROEDER	18	18	-	3
------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----	----	---	----------

RISQ2009-1	<i>Natural hazards in coastal zones: coastal erosion, harbour protection, natural and induced subsidence, seawater intrusions, impact of climatic changes, tsunami</i> - Jean-Marie BECKERS, Alain DASSARGUES, André OZER	18	18	-	3
------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----	----	---	----------
