

## Two-Year Master Program (120 ECTS)

With the exception of the "Interuniversity Mobility" outcome programme, students will choose their final outcome in the 2nd year of the Masters programme.

Even numbered academic years are those which begin with an even year.

Each year of the master, the student must include in his programme at least one course in a language other than French. The student registered in the "Interuniversity Mobility" focus and who made a one-year trip in another university is exempted from this obligation if the courses followed in the partner university were given in a language other than French.

The student who makes a one-semester journey has to include in his programme only one course in a language other than French, except if the courses followed during the trip in the partner university were given in French.

## Specialised approach Masters, whose final orientation will be decided in the 2nd year of the Masters

### Professional focus in Interuniversity mobility

Students selected for this focus (selection organised at the beginning of the 3rd year of the masters) will go to study in a foreign university or one in the Flemish-speaking community according to the terms laid out by the faculty. This course can last one academic year (57 course credits to be chosen in the host university) or one semester (30 course credits to be chosen in the host university), only during the first year of the masters. See details on the faculty's website ("Mobility" section).
