Professor D. WALTREGNY

Urology Service

Build. B35 - CHU - 4000 Liege

Phone : 04/366.72.51 - Fax : 04/366.72.58

Presentation

The object of this training is to confer an advanced master in urology to a doctor, that is to say : to acknowledge him as being able to perfectly master all the genito-urinary pathologies.

During the training, the candidate will divided his time into the consulting room, the operating theatre, the hospital ward, the library and the teaching. He will be helped during all his training. The patients will be entrusted to him with gradual difficulties, to get, at the end, a complete training that will allow him to practice the focus alone and safety. He will take part in all the scientific activities of the service and will present a final thesis during the last year of the training.

Access conditions

- * Being a doctor of Medicine qualified to practice in Belgium
- * Being in possession of official evidence that you have succeeded the selection test for access to the complementary Masters organised by the ULg's Faculty of Medicine
