

Information

Mr Vincent D'ORIO

Emergency Department

Block B35 - CHU - 4000 Liege

Phone number : 04/366.77.22

e-mail address : v.dorio@ulg.ac.be

Legal framework

A.M. of 14.02.2005 (MB : 04/03/2005) : Ministerial decree setting out the special criteria for approving specialist doctors holding a specific professional qualification in emergency medicine, doctors specialising in emergency medicine and doctors specialising in acute medicine, as well as internship supervisors and internship departments in these disciplines.

Presentation

This certificate aims to prepare doctors for authorisation as holder of the professional title of 'compétence' in emergency medical care.

The training aims, among other things, at acquiring the skills for managing an emergency department in terms of hospital and pre-hospital activities. From this point of view, candidates should acquire concepts of managing hospital service alerts (MASH plan) and managing exceptional situations (catastrophe plan).

Special conditions of access / students concerned

Cette formation s'adresse aux médecins dans l'une des disciplines de base : anesthésie réanimation, médecine interne, cardiologie, gastro-entérologie, pneumologie, rhumatologie, chirurgie, neurochirurgie, urologie, chirurgie orthopédique, chirurgie reconstructrice et esthétique, pédiatrie ou neurologie et habilités à pratiquer en Belgique.

Les personnes intéressées sont invitées à prendre contact avec le responsable de la formation pour examen de leur candidature (concours de sélection organisé en avril).

Les titulaires d'un diplôme hors Union européenne doivent contacter le Service des Admissions (Certificat de formation spécialisée partielle).

Duration of the training

- * Two years of study: The full time course includes theoretical training (30 credits per year) and clinical internships (30 credits per year). Over these 24 months of internships, a minimum of three months full time and a maximum of six months must be carried out in an approved emergency department. A minimum of 12 months must be carried out in the CHU Sart Tilman.
- * The first of these two years of internship may be carried out within the Complementary Masters in anaesthesia, resuscitation, internal medicine, cardiology, gastro-enterology, pulmonology, rheumatology, surgery, neurosurgery, urology, orthopaedic surgery, reconstructive and cosmetic surgery, or paediatrics.
- * Date of the start and end of the course: September to June
