

A single year

Interuniversity programme jointly organized by the "Académie Wallonie-Bruxelles (ULg) and the "Académie Louvain" (UCL and FUNDP)

The courses are given on three locations : Gembloux, Louvain-la-Neuve, Liège and Namur

For any information, contact :

- * in Gembloux Agro-Bio Tech, Aurore DEGRÉ - Aurore.Degre@ulg.ac.be
- * at the Faculty of Applied Sciences, Alain DASSARGUES - alain.dassargues@ulg.ac.be

Compulsory courses

REAU0006-2	<i>Water in the soil : mesures and interpretation</i> - Aurore DEGRÉ	12	24	-	3
REAU0007-1	<i>Watershead hydraulic management : excursions and visits</i> - Charles BIELDERS, Aurore DEGRÉ - [3d FW]	-	-	[+]	2
REAU0001-1	<i>Hydrology and surface hydraulics</i> - Michel PIROTTON	25	25	-	4
REAU0002-1	<i>Applied Hydrogeology</i> - Alain DASSARGUES	25	25	-	4
REAU0003-1	<i>Anthropic impacts on aquatic ecosystems</i> - Célia JOAQUIMJUSTO, JeanPierre THOMÉ	30	15	-	4
HULG2121-1	<i>Ecological states of surface waters</i> - Frederik DE LAENDER	25	25	-	4
HULG2122-2	<i>Statistical analysis of spatial and temporal data</i> - Patrick BOGAERT	23	7,5	-	3
CLIM0013-2	<i>Climatology of hydrometeors for hydrology</i> - Michel ERPICUM	23	7,5	-	3
HULG2123-1	<i>Unsaturated zone hydrology</i> - Mathieu JAVAUX, Marnik VANCLOOSTER	30	15	-	4
HULG2124-1	<i>Integrated management of water resources</i> - Olivier COGELS, Marnik VANCLOOSTER	30	22,5	-	5
REAU0005-1	<i>Seminars : a tool for integrated water-resource management</i> - JeanFrançois DELIÈGE, Marnik VANCLOOSTER - [15h Pr.]	30	-	[+]	4
ATFE2002-1	<i>Final work</i> - COLLÉGIALITÉ	-	-	-	15
[...]	One course to be chosen from the 2nd cycle Masters programmes of the relevant institutions, depending on the student's prior experience and choice of theme for the dissertation, in agreement with the Management Committee of the Complementary Masters.				

Notice : Refresher classes (maximum of 15 credits) may be compulsory if deemed necessary by the Management Committee of the Complementary Masters in 2nd cycle Masters programmes in the institutions in question. Classes are accessible to students who are active speakers of English or French and who have passive knowledge of the other. Some classes may be given in English with French supporting material and vice-versa. Examinations may take place in English or in French upon students' explicit request.
