Mr Marc LAMY

Movable prostheses - Oral diagnostics

Block K1 - 4020 Liege

Phone number : 04/270.31.30 - Fax number : 04/270.31.10

Presentation

This course aims to allow holders of a Masters in Dental Sciences to master the various aspects of complex oral reconstruction cases. This is a unique course, corresponding to the integrated dental care in English-speaking countries, which only exists in some Nordic universities.

During internships, students will have the flexibility to focus either on parodontological aspects of oral reconstruction or on prosthetic elements.

Special conditions of access / students concerned

This course is aimed at the holders of a Master in dental sciences authorised to practice in Belgium.

Interested individuals should contact the head of the course to discuss their application (selection competition).

Holders of non-EU diplomas should contact the Admissions Department (Certificate of Partial Specialisation Training).

Duration of the training

* Three years of study (60 ECTS a year)

* Part-time studies is possible with the permission of the jury.

Courses programme

Collegiality:

Coordinator: Marc LAMY
