

Cycle view of the study programme

B1 Or Th Pr Au Cr

Compulsory courses (B1 : 15Cr, B2 : 15Cr)

Module which is shared between two partner universities

MCER0153-1	<i>Theoretical course</i>	B1				9
	- Pre-prosthetic implant preparation - Supra-implant prosthetic oral rehabilitation - D. ABENSUR, Marc LAMY, Caroline LEGROS, Pascal VALENTINI, Alain VANHEUSDEN		20	-	-	
	- Depth knowledge of occlusodontics - application to the implant-supported restorations - Marc LAMY		5	-	-	
	- Biological aspects of bone formation and osseointegration - Pascal VALENTINI		3	-	-	
	- Comparative anatomy and physiology of the periodontal and peri-implant tissues - influence on osseointegration implant system - Eric ROMPEN		5	-	-	
	- Depth knowledge of etiology and treatment of periodontal disease - supplement of immunology and microbiology of the oral cavity - risk factors in periodontology and implantology - Geoffrey LECLoux, Eric ROMPEN		10	-	-	
	- Advanced Techniques of oral pre-implant surgery - D. ABENSUR, France LAMBERT, Geoffrey LECLoux, Eric ROMPEN, Pascal VALENTINI		10	-	-	
	- Surgical management of peri-implant mucogingival tissue - D. ABENSUR, Eric ROMPEN		5	-	-	
	- Management of complications and failures - share responsibility in implantology - Eric ROMPEN		2	-	-	
	- Analysis of clinical cases and treatment plans - D. ABENSUR, France LAMBERT, Marc LAMY, Geoffrey LECLoux, Eric ROMPEN, Pascal VALENTINI, Alain VANHEUSDEN		10	-	-	

MSTG9020-1	<i>Clinical teaching</i>	B1				6
	- Pre-implant and implant surgery clinics - France LAMBERT, Eric ROMPEN - [45h Internship]		-	-	[+]	
	- Supra-implant prosthetic rehabilitation clinics - Audrey GUEDERS, Marc LAMY, Amélie MAINJOT, Alain VANHEUSDEN - [15h Internship]		-	-	[+]	

Module which is specific to each of the partner universities

MCER0154-1	<i>Theoretical course</i>	B2				6
	- Supplement of neck surgical anatomy - COLLÉGIALITÉ		6	-	-	
	- Bone reconstruction by extraoral contributions in pre-implant maxillofacial surgery - COLLÉGIALITÉ		2	-	-	
	- Pre-implant biological checkup - Systemic contraindications - COLLÉGIALITÉ		2	-	-	
	- Biomechanics of implant-supported reconstructions - COLLÉGIALITÉ		5	-	-	
	- Biocompatibility of osseointegration materials - COLLÉGIALITÉ		5	-	-	
	- Bone metabolism - influence on osseointegration - COLLÉGIALITÉ		5	-	-	
	- Medical imaging techniques applied to oral implantology - COLLÉGIALITÉ		5	-	-	
	- Hemorrhagic diseases and oral surgery - COLLÉGIALITÉ		5	-	-	
	- Medicolegal aspects of implant surgery - COLLÉGIALITÉ		5	-	-	
	- Comparative analysis of implant systems - COLLÉGIALITÉ		2	-	-	
	- Seminars on treatment plans and case analysis - COLLÉGIALITÉ - [10h SEM]		-	-	[+]	
	- Literature Review Seminars - COLLÉGIALITÉ - [10h SEM]		-	-	[+]	
MSTG9021-1	<i>Clinical teaching, Complement of clinical teaching</i> - COLLÉGIALITÉ - [120h Internship]	B2			[+]	9
