**Professional focus in interuniversity mobility**

Students selected for this focus (selection organised during the last year of the bachelor) will go to study in a foreign university or one in the Flemish-speaking community according to the terms laid out by the faculty. This course can last one academic year (60 ECTS) or one semester (30 ECTS), credits to be chosen in the host university. Depending on the course chosen, students may obtain an equivalence with certain compulsory classes, which should then be compensated by other classes in the Masters in Law programme (optional or specialised courses). More details are available on the Faculty website, International/Mobility section.

#### Professional focus in interuniversity mobility

Students selected for this focus (selection organised during the last year of the bachelor) will go to study in a foreign university or one in the Flemish-speaking community according to the terms laid out by the faculty. This course can last one academic year (60 ECTS) or one semester (30 ECTS), credits to be chosen in the host university. Depending on the course chosen, students may obtain an equivalence with certain compulsory classes, which should then be compensated by other classes in the Masters in Law programme (optional or specialised courses). More details are available on the Faculty website, International/Mobility section.  
Contact: Melissa.Schneider@ulg.ac.be.

[...] Courses to be chosen from other focuses

#### Additional courses (outside the programmes)

In order to prepare for the final work assessment, students are requested to follow a training seminar. These seminars are organised over the two years of the Master and are not subject to assessment but conditions access to the final work assessment.
