Compulsory Training

Notice : The completion of internship activities and mandatory practical work in a master's degree may require the student to carry out various activities not supervised in the laboratory or preclinical during his / her free time (excluding Sundays and public holidays when these places are inaccessible)

A clinical observation placement of at least four weeks will be organised during the summer between Blocks 1 and 2 of the Masters in the various medical dental clinics in the CHU Liège.

Compulsory out-of-hours cover is organised at the weekends and on public holidays in the CHU Liège medical dental clinic. This out-of-hours cover is partly performed by Masters students and is split between students in Blocks 1 and 2 over the year: September to Carnival, Block 2, Carnival to September, Block 1.
