#### Professional focus in interuniversity mobility

Students who are chosen for this focus ( at the end of the bachelors) will carry out a study period at a foreign university or in the Flemish Community, in line with the procedures set by the Faculty. This period may be an academic year (60 credits) or a four-month period (30 credits), with credits to be chosen in the host university. Depending on the courses chosen, the student may obtain an equivalence with certain compulsory courses, which must then be compensated by other courses appearing in the master in law programme (choice of courses or focuses). See details on the Faculty website, under international/mobility. Contact: n.vrancken@uliege.be.

[...] Courses to be chosen from other focuses

#### Additional courses (outside the programmes)

#### Follow-up to the focus :

Some courses are organised every two years. The even or odd nature of the academic year is determined by the beginning of the year (the academic year 2020-2021 is an even year).

Providing the jury approves, students have the chance to use a course, in a focus, in the corresponding subject taken in a partner university within the framework of an Erasmus or other type of exchange.

**Professional focus in interuniversity mobility**

Students who are chosen for this focus ( at the end of the bachelors) will carry out a study period at a foreign university or in the Flemish Community, in line with the procedures set by the Faculty. This period may be an academic year (60 credits) or a four-month period (30 credits), with credits to be chosen in the host university. Depending on the courses chosen, the student may obtain an equivalence with certain compulsory courses, which must then be compensated by other courses appearing in the master in law programme (choice of courses or focuses). See details on the Faculty website, under international/mobility. Contact: n.vrancken@uliege.be.
