The Specialised Masters in Neurosurgery includes one year of Specialised Masters in Neurology, one year of Specialised Masters in Surgery and four years of neurosurgery. The neurosurgery and surgery years are spread over the first three years of the internship plan introduced by the Commission Francophone d'Agrement en Neurochirurgie. Students are required to be confirmed for each year in line with the respective conditions for these two Specialised Masters with regard to classes and the evaluations.

Collegiality
