

Cycle view of the study programme

		Bl	Or	Th	Pr	Au	Cr
Compulsory courses (B1 : 28Cr)							
ACER0016-1	<i>Theme 1: Policies of well-being at work - Legislation, missions and tasks of actors involved in prevention</i> - Policies of well-being at work - Legislation, missions and tasks of actors involved in prevention - Vincent COLSON, Maria Christina RIBAS Y RIBAS - The environment and businesses (legislation and integration in the management of the business) - Vincent COLSON	B1					2
			16	-	-		
			4	-	-		
ACER0017-1	<i>Theme: Hygiene, ergonomics, psychosocial aspects and communication</i> - Cognitive ergonomics - Pierre SOMVILLE - Physical ergonomics: introduction, methodology, risks, prevention, musculoskeletal disorders, environmental constraints - Pierre SOMVILLE - Development of forms of organisation of work - Céline MAHIEU	B1					3
			15	-	-		
			15	-	-		
			4	-	-		
ACER0018-1	<i>Theme 3: Application of policies of well-being at work</i> - Analysis of workplace accidents - practical case studies : Application of the tree-of-causes method - Giovanni BANDINU - System for risk management - David BEAUPAIN - Overall five-year plan and annual action plan - Robert POLETTTO - Analysis of jobs : theoretical preparation and visits to businesses - David BEAUPAIN - Basic knowledge of quality management - Vincent COLSON	B1					4
			8	-	-		
			8	-	-		
			8	-	-		
			12	-	-		
ACER0019-1	<i>Theme 4 : Mechanical risks, directives on machines, new technologies</i> - Mechanical risks, directives on machines, new technologies - Maria Christina RIBAS Y RIBAS - Security for lifting machines - Joseph THONARD - Dependability of functioning - Albert MARLAIRE - Steam and other pressurized equipment - Jonathan ROBERT	B1					3
			28	-	-		
			6	-	-		
			4	-	-		
			4	-	-		
HULG9054-1	<i>Theme 5: Electrical risks</i> - Giovanni BANDINU	B1		24	-	-	2
ACER0020-1	<i>Theme 6: Chemical agents (storage, transport, handling, labeling, defective product)</i> - Bernard LEGROS	B1		32	-	-	3
ACER0021-1	<i>Theme 7: Physical agents (noise, vibrations, heat/cold, lighting ,etc.)</i> - Struggle against noise and vibrations in industrial zones - Hedwig ROSSEEL - Lighting - Patrick LESAGE - Risks associated with artificial optical rays (Royal Decree of 22 April 2010) - Patrick LESAGE - Belgian regulations concerning ionizing radiation - Patrick DROESCH - Thermography - G. MASSET - Air temperature and thermal comfort - Gérald DOMBRET	B1					3
			16	-	-		
			8	-	-		
			2	-	-		
			4	-	-		
			2	-	-		
			2	-	-		
ACER0022-1	<i>Theme 8: Fire, explosions and major risks</i> - Emergency planning - Perry PRESCIUTTI - Fire prevention - Michel DIERICKXVISSCHER - Work in explosion risk zones - ATEX regulations - Vincent LOTIN	B1					2
			4	-	-		
			10	-	-		
			4	-	-		
ACER0023-1	<i>Theme 9: Temporary or mobile workplaces and construction site security</i> - Temporary or mobile workplaces and construction site security - practical aspects - Bernard LEGROS - Underground work - permit holders - digging areas - terracing - Michel DIERICKXVISSCHER - Demolition work - René STEVENY - Work at heights, and risks of falling - Yannic DELANDE - The problematic of insulation material - Bernard LEGROS - Relation between the risk prevention adviser and the health and security officer - Bernard LEGROS	B1					2
			8	-	-		
			2	-	-		
			2	-	-		
			4	-	-		
			4	-	-		
			4	-	-		

ATFE9002-1	<i>Final work - COLLÉGIALITÉ</i>	B1	TA	-	-	-	4
Multidisciplinary foundation module giving access to the certificate of university as Level 1 Prevention Advisor. (B1 : 15Cr)							
ACER0037-1	<i>Theme 1: Policies of well-being at work - Legislation, missions and tasks of actors involved in prevention</i>	B1					3
	- <i>Legislation and regulations relating to health and well-being at work</i>	3	-	-			
	- Sylvio VERVENNA						
	- <i>Practical aspects of the role of a Risk Prevention advisor</i>	6	-	-			
	Robert POLETTTO						
	- <i>The strategy of well-being at work policies</i>	3	-	-			
	Maria Christina RIBAS Y RIBAS						
	- <i>SECT (External services for technical checks in the workplace), CPPT (Health and safety at work Committee) and assessing well-being</i>	3	-	-			
	Maria Christina RIBAS Y RIBAS						
	- <i>Legal and criminal liability of the prevention adviser</i>	3	-	-			
	Philippe HERMAN						
	- <i>Overall plan and annual action plan</i>	3	-	-			
	Robert POLETTTO						
	- <i>Understanding of what is useful when welcoming a new recruit and management responsibilities</i>	3	-	-			
	Audrey PRINCEN						
	- <i>Strategy of communication, beliefs and perceptions</i>	3	-	-			
	Joëlle BEUGNIÉ						
	- <i>Team work (working groups)</i>	3	-	-			
	Joëlle BEUGNIÉ						
	- <i>Missions and operation of CPPT (Health and safety at work committees) : from the perspective of the social partners</i>	3	-	-			
	Catherine AGNESSENS						
ACER0038-1	<i>Theme 2: Hygiene, ergonomics, psychosocial aspects and communication</i>	B1					3
	- <i>Violence, sexual harassment and bullying in the workplace</i>	3	-	-			
	Philippe DEJONGHE						
	- <i>Occupational health and preventative medicine advisors in the workplace</i>	3	-	-			
	Michel MULLER						
	- <i>Biological agents - an introduction to concepts of specific risks</i>	3	-	-			
	Albert MARLAIRE						
	- <i>An introduction to ergonomics and analysis of working conditions</i>	3	-	-			
	Alain PIETTE						
	- <i>Psychosocial care</i>	3	-	-			
	Philippe DEJONGHE						
	- <i>Prevention and management of addictions in the workplace environment</i>	3	-	-			
	MarieGabrielle KERGER						
ACER0039-1	<i>Theme 3 : Application of policies of well-being at work</i>	B1					3
	- <i>Understanding of primary, secondary and tertiary prevention</i>	1,5	-	-			
	Sylvio VERVENNA						
	- <i>Prevention advisors: practical aspects</i>	1,5	-	-			
	Sylvio VERVENNA						
	- <i>Systematic analysis of workplace accidents</i>	3	-	-			
	Giovanni BANDINU						
	- <i>Risks analysis</i>	3	-	-			
	David BEAUPAIN						
	- <i>Economic aspects of workplace accidents and prevention</i>	3	-	-			
	Robert POLETTTO						
	- <i>Analysis and statistics of workplace accidents</i>	3	-	-			
	Dominique BAYENS						
	- <i>Participative analysis of working conditions and presentation of different methods of screening risks</i>	3	-	-			
	David BEAUPAIN						
	- <i>Collective protection equipment</i>	3	-	-			
	Robert POLETTTO						
	- <i>Individual protection equipment</i>	3	-	-			
	Robert POLETTTO						
	- <i>Administrative work of a prevention advisor</i>	3	-	-			
	Gérald DOMBRET						
	- <i>Studying working conditions and the risk of accidents in the workplace: theory</i>	3	-	-			
	Robert POLETTTO						
	- <i>Studying working conditions and the risk of accidents in the workplace: exercises</i>	6	-	-			
	Robert POLETTTO						
ACER0040-1	<i>Theme 4 : Mechanical risks, directives on machines, new technologies</i>	B1					1
	- <i>European Directives and, in particular, the 'Machines' Directive and the 'Work Equipment' Directive.</i>	3	-	-			
	Robert POLETTTO						

	- <i>Safety of machines and work equipment: Essential requirements</i> - Robert POLETTO	3	-	-		
ACER0041-1	<i>Theme 5: Electrical risks, the electrical risk</i> - Robert POLETTO	B1	3	-	-	1
ACER0042-1	<i>Theme 6: Chemical agents (storage, transport, handling, labeling, defective product), The use of 'dangerous' products</i> - Albert MARLAIRE	B1	3	-	-	1
ACER0043-1	<i>Theme 7 : Physical agents (noise, vibrations, heat/cold, lighting ,etc.)</i> - <i>Constraints and thermal comfort</i> - Gérald DOMBRET - <i>Lighting</i> - Patrick LESAGE - <i>Noise</i> - Hedwig ROSSEEL - <i>Vibrations</i> - Hedwig ROSSEEL	B1				1
			3	-	-	
			3	-	-	
			1,5	-	-	
			1,5	-	-	
ACER0044-1	<i>Theme 8: Fire, explosions and major risks</i> - <i>Risk of fire and explosions</i> - Michel DIERICKXVISSCHER - <i>Fire fighting: seminar</i> - <i>Managing emergency situations / Drafting an emergency plan and an intervention plan</i> - Michel DIERICKXVISSCHER	B1				2
			6	-	-	
			6	-	-	
			3	-	-
