| DROI8071-1 | <i>IP, Data &amp; Competition Law</i> (english language) - Julien CABAY, Jérôme DE COOMAN - Suppl : Jérôme DE COOMAN | B1 | Q2 | 35 | - | - | 5 |
|------------|----------------------------------------------------------------------------------------------------------------------|----|----|----|---|---|---|

##### Dissertation

|            |                                                                                                                                                                                                       |    |    |   |   |     |    |
|------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|----|---|---|-----|----|
| DTFE0016-2 | <i>Final work</i><br>- <i>Participation in seminars</i> - Jérôme DE COOMAN, Eric DE GRYSSE, Simon TROCH - [45h SEM]<br>- <i>Final thesis or internship or taking part in a moot court competition</i> | B1 | TA |   |   |     | 15 |
|            |                                                                                                                                                                                                       |    |    | - | - | [+] |    |
|            |                                                                                                                                                                                                       |    |    | - | - | -   |    |

*Notice* : Subject to application review, the student may replace the dissertation with a two-month placement. For the selected student, participation in a competition is considered equivalent to a final dissertation.

Failure to attend the seminars automatically renders the student ineligible to submit the dissertation or to have the placement recognised.

##### Competition Law

|            |                                                                                                                            |    |    |         |   |   |   |
